## In Stock! PLX Technology ExpressLane™ PEX 86xx PCI Express Gen 2 Switch

**Mansfield, Texas, USA — July 21, 2009** - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from PLX Technology.

The PLX Technology ExpressLane™ PEX 86xx is the industry's largest PCI Express Gen 2 Switch, providing up to 96 lanes and 24 ports. The PLX Technology PEX 86xx offers Multi-Host PCI Express switching capability enabling users to connect multiple hosts to their respective endpoints via scalable, high bandwidth, non-blocking interconnection to a wide variety of applications, including servers, storage systems, and communications platforms. The PEX 86xx uses an enhanced version of the field tested PLX Technology PEX 8648 PCIe switch architecture, which allows users to configure the device in legacy single-host mode or multi-host mode with up to eight host ports capable of 1+1 (one active and one backup) or N+1 (N active and one backup) host failover. This PCI Express Gen 2 Switch supports packet cut-thru with a maximum latency of 176ns (x16 to x16).

Mouser Electronics is the only major distributor to publish a new 2,184+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.

### **About Mouser**

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 390 manufacturers. Mouser's 2,184+ page catalog is published every 90 days, providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit [www.mouser.com](http://www.mouser.com).

### **About PLX Technology**

PLX Technology, Inc. is the leading supplier of PCI Express (PCIe) Bridges and Switches and other standard input/output (I/O) interconnect silicon. PLX's innovative products and supporting tools enable customers to develop systems with industry-leading performance, scalability, and reliability. PLX's products are available as standard off-the-shelf solutions which allow customers to bring their designs to market faster. For more information, visit <http://www.plxtech.com>.
