Mouser has the New Panasonic Electric Works AEQ Series Low Load Level Micro Switch

Mansfield, Texas, USA — June 07, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Panasonic Electric Works.

The Panasonic Electric Works AEQ Series Low Load Level Micro Switch handles low level load 100 μ A at 3 VDC to 100 mA 30 VDC. With an ultra-long stroke for pin plunger types, it maintains an ultra-long stroke over travel with over 2.2mm on the NO side and over 2.5mm on the NC side. Since contact pressure does not depend on the operation stroke, the range of possible use over the entire stroke is greatly increased. The silent Panasonic AEQ Series Low Load Level Micro Switch is ideal for household appliances such as cover detection of air conditioners and air purifiers for safety purposes and cover destruction detection of crime prevention devices.

To learn more, visit <http://www.mouser.com/aeqswitch>.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

Mouser Electronics' website with interactive online catalog is updated daily and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, it houses downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.
