For Immediate Release

Mouser is Stocking the New Panasonic Electric Works PaPIRs IR Motion Sensors!

Mansfield, Texas, USA — April 15, 2011 - Mouser Electronics, Inc., regarded as a top global engineering design resource for semiconductors and electronic components, today announced it is stocking new product from Panasonic Electric Works.

The Panasonic Electric Works PaPIRs Motion Sensors are passive infrared type sensors that detect changes in temperature (>4°C) from the surroundings and detect movement. With a wide sensing area, the Panasonic PaPIRs are low profile and are available in Polyethylene (9.7mm) and silicon-lens (6mm). These motion sensors are ideal for security devices, wireless devices, housing and commercial equipment, and energy-saving home appliances.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in emerging technologies. Mouser offers customers the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches over 7 million products to locate over 1.8 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 1.8 million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 300,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit www.mouser.com.
