Mouser has the New Phoenix Contact PIT Series.

Mansfield, Texas, USA — March 16, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Phoenix Contact.

The Phoenix Contact PIT Series (Push-in Terminal Blocks) are the new generation of modular terminal blocks in the Clipline Complete System. The PIT series features an easy, direct conductor connection using the advantages of the CLIPLINE complete system. With up to 50% lower insertion force necessary, it is now possible to directly plug solid and stranded conductors with ferrules from 0.34 mm² without tools. The Phoenix Contact PIT Series (Push-In Terminal Blocks) uses a special contact spring that makes plugging easier than ever while providing high contact quality. To learn more, visit <http://www.mouser.com/phoenix>.

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects. Mouser Electronics' website with interactive online catalog is updated daily, and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs a year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.
