Mouser has stock on the New STMicroelectronics STM32 Value Line Discovery Kit

Mansfield, Texas, USA — September 15, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from STMicroelectronics.

The STMicroelectronics STM32 Value line Discovery Kit is a quick and inexpensive way to discover STM32 32-bit microcontrollers (MCUs). The STMicroelectronics STM32 Value Line Discovery Kit is based on the STM32 Value line and includes a quick-start evaluation board with ST-LINK debugger / programmer that is delivered with IDE from Keil, IAR, and Atollic. The debugger can debug Discovery kit applications or other target board applications. This low-cost STMicroelectronics evaluation kit will satisfy hobbyists, first-time developers, and students.

To learn more, visit <http://www.mouser.com/stm32discovery>.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

Mouser Electronics' website with interactive online catalog is updated daily and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, it houses downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.
