Mouser has the New STM8L-Discovery Board from STMicroelectronics!

Mansfield, Texas, USA — October 20, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from STMicroelectronics.

The STMicroelectronics STM8L-Discovery Board is based on the STM8L152C6T6 microcontroller (MCU) and is a quick-start evaluation board for STM8L ultra-low-power MCUs. The STM8L Discovery Board is the quickest way to discover the STM8L, to program and use the device, and to build and debug applications. This STMicroelectronics evaluation board includes the embedded debugger ST-LINK and an IDD consumption measurement feature that helps you to discover the ultra-low-power efficiency. Numerous applications are available to learn, reuse, and modify codes for a fast time to proof-of-concept or demonstration. The STM8L-Discovery is ideal for hobbyists, developers, students, and support teams. To learn more, visit <http://www.mouser.com/stm8ldiscovery>.

With its broad product line and unsurpassed customer service, Mouser offers customers the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches over 6.7 million products to locate over 1.7 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of the newest products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogues per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.
