Mouser Electronics and Knowles Acoustics Sign Global Distribution Agreement

Stock includes dampers, microphones, and speakers

Mansfield, Texas, USA – May 27, 2009 – [Mouser Electronics](http://www.mouser.com), Inc., known for its rapid introduction of the newest products, today announced it has signed a global distribution agreement with [Knowles Acoustics](http://www.knowles.com), a leading designer and manufacturer of advanced acoustic components.

Stock includes dampers, microphones, and speakers. The Knowles Acoustics Subminiature Performance Microphones are ideal for products that require premium audio and very small form factor solutions. Also available at Mouser are the Knowles Subminiature Speakers featuring a balanced armature technology with magnetic technology for a high efficiency, stable, and reliable performance in audio and communication products such as premium in-ear designs, as well as component and subassembly solutions.

Barry McConnell, Senior Vice President of Products, says, "The Knowles Acoustics' name is synonymous with quality audio components and we welcome its addition to Mouser's linecard."

"Knowles Acoustics is pleased to add Mouser Electronics to our Internet/Catalog distribution lineup," said Tom Budde, Knowles Acoustics' Americas Sales Manager. "Mouser's focus and proven success in servicing design engineers, at customers worldwide, will help Knowles Acoustics meet its goal of making selection and use of our products easier for engineers."

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.
