Mouser Electronics' Distribution Authorization with Tyco Electronics Expanded Worldwide

Mansfield, Texas, USA – April 16, 2009 – [Mouser Electronics](http://www.mouser.com), Inc., known for its rapid introduction of the newest products, today announced its distribution authorization with [Tyco Electronics](http://www.tycoelectronics.com) has been expanded worldwide. Tyco Electronics is one of the world's largest suppliers of passive electronic components.

Tyco Electronics' broad range of products are used in industries ranging from automotive, appliance, aerospace and defense to telecommunications, energy, computers and consumer electronics. Mouser's stock of Tyco Electronics products includes connectors, terminal blocks, relays, switches, circuit protection, fiber optic, and wire and cable.

The new Tyco Electronics worldwide distribution authorization coincides with Mouser's international expansion strategy. Mouser's presence is felt worldwide with Customer Service Centers in the United States, Mexico, and several throughout Europe and Asia, as well as other authorized partners around the world. Additional customer service centers are planned for 2009. To further the expansion, Mouser has launched websites in various currencies and languages.

Glenn Smith, Mouser President and CEO, remarks, "We are excited that Tyco Electronics has expanded our relationship globally. Tyco Electronics has an outstanding product and is excellent when it comes to developing new innovative products. Getting those new products into the hands of our 280,000 engineering customers is what we do best. Our commitment to being the source most preferred by design engineers thrives within such a partnership."

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.
