## Mouser Electronics and CTS Corporation Enter Global Distribution Agreement

### *Customers Gain Access to Broad Selection of Electronic Components*

Mansfield, Texas, USA –March 19, 2008 – [Mouser Electronics, Inc.](http://www.mouser.com), known for its rapid introduction of the newest products, today announced it has signed a global distribution agreement with [CTS Corporation](http://www.cts.com) (NYSE: CTS) to distribute a variety of electronic component products including crystals, crystal oscillators, switches, resistor arrays, resistor networks, and heat sinks. CTS is a leading supplier of electronic components and sensors for the automotive, computer, communications, defense and aerospace, medical and industrial markets.

“Mouser is proud to add CTS Corporation to our linecard to enhance our passive product offering to our engineering customers,” said Barry McConnell, Mouser Vice President of Product Marketing. “Our reputation for rapid new product introduction and extensive marketing programs allows us to honor our commitments to both the design engineering community and our suppliers.”

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.

Mouser Electronics is the only major distributor to publish a new 2,100+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than 940,000 products for easy online purchase, provides over 1.5 million cross-references, as well as more than 677,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.
