Mouser Electronics Now Stocking Phihong's CEC-Compliant, Universal 3-Wire Input Adapters

High-Quality, Low-Cost Power Supply for Portable Devices

Mansfield, Texas, USA –November 15, 2007 – [Mouser Electronics, Inc.](http://www.mouser.com), known for its rapid introduction of the newest products, today announced it is stocking Phihong's CEC-compliant, 3-wire input switching adapter that supplies 20-30W to a single output voltage. [Phihong](http://www.phihong.com) is a leading supplier of low-cost power supplies.

The [PSC30U](http://www.mouser.com) series is a universal power supply that provides high efficiency in a low-profile design to portable equipment, peripherals, networking systems, and gaming machines. Available in 5V, 12V, 24V, and 48V outputs, the adapter is equipped with auto-restart for over-current protection, allowing the output to be shorted without damage and providing short circuit protection.

The adapter has a no-load power consumption of less than 0.5W and is housed in a non-vented case. The device measures 3.88" x 2.17" and weighs 8.82 ounces. In addition to meeting California Energy Commission requirements, the adapter is approved and listed by cULus, CE, C-Tick, SAA, TUV EN60950-1, and meets Cal. Prop. 65.

"Both the design engineering community and our suppliers rely on Mouser to supply the newest products available to the marketplace," according to Barry McConnell, Mouser Vice President of Product Marketing. "By stocking new products like these from Phihong, Mouser is able to fulfill its commitment to both suppliers and design engineers alike."

Mouser's broad-based product line, unsurpassed customer service, and streamlined warehouse operations make the distributor the design engineer's one-stop shop for all the components and associated development tools necessary for total project design.

Mouser Electronics is the only major distributor to publish a new 1,900+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than 890,000 products for easy online purchase, provides over 1.5 million cross-references, as well as more than 677,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features over 890,000 products online from more than 335 manufacturers. Mouser's 1,900+ page catalog is published every 90 days, providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About Phihong

Phihong is one of the leading suppliers of power solutions, including power supplies, adapters and Power-over-Ethernet products, to networking OEMs. With global sales for 2007 expected to exceed \$500 million, Phihong has engineering and manufacturing facilities in North and South America, Taiwan and mainland China. For more information contact Johnny Chen, Phihong, 47800 Fremont Blvd., Fremont, CA 94538, or call (510) 445-0100, fax (510) 445-1678, email usasales@phihongusa.com, or visit <http://www.phihong.com>.
