

## For Immediate Release

### Mouser Expands International Scope of Test Solutions with LeCroy

**August 10, 2011** – [Mouser Electronics](#), Inc., regarded as a top design engineering resource and global distributor for tools and test equipment, today publicized its new international distribution agreement with [LeCroy](#), a leading provider of oscilloscopes, protocol analyzers and related test and measurement products.

Adding LeCroy to its international line card further expands Mouser's product range of test and measurement equipment used by designers to quickly and effectively validate electronic designs to improve time to market. LeCroy is seen as a leader in serial data test solutions and an innovator of advanced instruments that facilitate product development by quickly measuring, analyzing, and verifying complex electronic signals. With Mouser's state-of-the-art global distribution, LeCroy products will be within easy reach of design engineers in nearly every corner of the world.

"LeCroy's heritage of technical innovation is without question," states Keith Privett, Mouser Vice President of Electromechanical, Power & Test. "In fact, LeCroy's WaveMaster 8 Zi-A oscilloscope recently won a 2011 Best in Test Award from industry-leading trade publication, *Test & Measurement World*. As a distributor committed to supplying the newest advancements in technology, we consider LeCroy a partner that shares our business philosophy of delivering What's Next to design engineers across the globe."

"Not only will our partnership with Mouser help us to continue to grow internationally, we are equally pleased to have a global distribution partner that's as committed to quality customer service and delivering innovation in support of new design as we are," expresses Roberto Petrillo, LeCroy Worldwide Vice President of Sales.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 17 global support locations and the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches more than 8 million products to locate over 2 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

### **About Mouser Electronics**

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 300,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

### **About LeCroy**

LeCroy Corporation is a worldwide leader in serial data test solutions, creating advanced instruments that drive product innovation by quickly measuring, analyzing, and verifying complex electronic signals. The Company offers high-performance oscilloscopes, serial data analyzers, and global communications protocol test solutions used by design engineers in the computer and semiconductor, data storage device, automotive and industrial, and military and aerospace markets. LeCroy's 45-year heritage of technical innovation is the foundation for its recognized leadership in "WaveShape Analysis"- capturing, viewing, and measuring the high-speed signals that drive today's information and communications technologies. LeCroy is headquartered in Chestnut Ridge, New York. Company information is available at <http://www.lecroy.com>.

### **Trademarks**

Mouser and Mouser Electronics are registered trademarks of Mouser Electronics, Inc. All other products, logos, and company names mentioned herein may be trademarks of their respective owners.
