

For Immediate Release

Mouser Partners with RF Leader Amphenol SV Microwave

October 3, 2011 – [Mouser Electronics](#), Inc., regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced that it has partnered with [Amphenol SV Microwave](#), a leader in the RF microwave industry, known for their engineering excellence and strong manufacturing capabilities.

Mouser's partnership with Amphenol SV Microwave means a broad range of RF and microwave connectors and components right at design engineers' fingertips. With over 40 years of experience in integrated state-of-the-art design and manufacturing, customers can trust that the components being put to use in their own new technologies are the same that have been trusted by military, satellite, aerospace and telecommunication industries for years.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 19 global support locations and the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches more than 8 million products to locate over 2 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 300,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

About Amphenol SV Microwave

Located in West Palm Beach in a 40,000 sq. ft. facility, Amphenol SV Microwave has over 40 years of proven performance and manufactures a broad range of RF and microwave products. The company was purchased by Amphenol in 2005 and now operates as a separate subsidiary within Amphenol RF & MW business group. Amphenol SV Microwave's AS9100B certification enforces their focus on high performance RF and microwave interconnects designed to serve the industrial, military, space/Hirel, instrumentation and wireless markets. For more information, visit <http://www.svmicro.com>.
