

For Immediate Release

Mouser Expands Semiconductor Line Card with CADEKA

October 12, 2011 – [Mouser Electronics](http://www.mouser.com), Inc., regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced the signing of a global distribution agreement with [CADEKA](http://www.cadeka.com) Microcircuits LLC. CADEKA is a company that specializes in amplifiers and analog technologies.

The new agreement between Mouser and CADEKA is effective immediately and involves the distribution of CADEKA's complete portfolio of analog and mixed-signal products worldwide. CADEKA offers a variety of amplifier products, including hybrid amplifiers, and high-performance amplifiers. In addition, CADEKA provides design engineers and buyers high-performance data converters such as analog-to-digital converters (ADCs) and video digital-to-analog converters (DACs). Going forward, Mouser gives customers technical design information, as well as an easy and efficient channel for purchasing CADEKA products and for obtaining localized analog technical design support.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced semiconductor technologies and electrical components. Mouser offers customers 19 global support locations and the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches more than 8 million products to locate over 2 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 325,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

About Cadeka Microcircuits

Cadeka Microcircuits, LLC. is a global supplier of high-performance analog and mixed-signal semiconductor products for customers who require cost effective, leading edge performance. The company's expertise and passion is to *Amplify the Human Experience™* by providing application specific, solution-based semiconductor products that drive the industry's next generation consumer, communications, industrial, instrumentation, and medical products. For more information about CADEKA, visit <http://www.cadeka.com>.

Trademarks
