For Immediate Release

Crouzet's Line of Automation Control Components Now Available to Mouser Customers Worldwide

September 13, 2011 – [Mouser Electronics](http://www.mouser.com), Inc., regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced an exciting new global distribution agreement with [Crouzet](http://www.crouzet.com), a leading manufacturer of automation control components.

For design engineers and buyers, Mouser's accord means fast, streamlined access to Crouzet's top-of-the-line products from start to finish and a vital speed-to-market advantage. Mouser will stock Crouzet's top products including their line of C-Lynx Control Relays for monitoring and detecting abnormal electrical or physical operating values, DIN Rail Mounted Chronos 2 Timers available in multiple ranges, Millenium 3 Logic Controllers representing the latest generation of micro-PLC's, and GNR Series DIN-Rail Mount Solid State Relays featuring back-to-back dual SCR output. Crouzet offers a wide range of solid state relays and I/O modules designed to meet the needs of the most demanding applications, and they are constantly creating forward-looking, more powerful products that will be made available to Mouser customers worldwide.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 17 global support locations and the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches more than 8 million products to locate over 2 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 300,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

About Crouzet

Crouzet is a premiere manufacturer of Micro-Control products. The Crouzet product line includes Programmable Micro-Controllers, safety components for machinery, timers, solid state relays, sub-fractional HP motors, switches (miniature snap-action, digital, and limit), and pneumatic control components. Crouzet is known as a specialist brand, focused on added value and customization for integrators and equipment manufacturers and serves markets such as Medical, Aerospace, Elevators & Lifts, Food Processing, Lighting, Water Treatment, Entertainment, Plastic Injection/Extrusion, and Office Equipment. Major customers have come to rely on Crouzet for exceptional value and reliability in products, service, and technical support. For more information, visit <http://www.mouser.com/crouzet/>.

Trademarks
