

## For Immediate Release

### Mouser Brings OSRAM Opto Semiconductor's DURIS™ E 3 LEDs to Market

**October 12, 2011** – [Mouser Electronics](http://www.mouser.com), Inc., regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced the immediate availability of [OSRAM Opto Semiconductor](http://www.osram.com)'s DURIS™ E 3 LEDs, a compact light source in a cost effective PLCC package.

OSRAM Opto Semiconductors DURIS™ E 3 LEDs' small footprint (3.0 mm x 1.4 mm) is suitable for all SMT assemblies. These lighting class (CRI: >70), high efficacy LEDs (typ. 110 lm/W, @ 5000K) deliver a stable 7 lumens when driven at 20 mA with 3 vdc (@ 0.06W) over their long lifetime. Their 120° beam angle is ideal for homogenous light distribution. The DURIS™ E 3 LEDs are ideal for use in retrofit (T8/T5) and linear lights, task lights, signage, and white goods. To learn more, visit <http://www.mouser.com/osramdurisE3/>.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 19 global support locations and stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is updated daily and searches more than 8 million products to locate over 2 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

### **About Mouser Electronics**

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 325,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

### **About OSRAM Opto Semiconductors**

OSRAM Opto Semiconductors is a world leading manufacturer of optoelectronic semiconductors for the lighting, sensor, and visualization sectors. The extensive product portfolio of OSRAM Opto Semiconductors includes a wide selection of high-brightness high-power LEDs in the visible range along with other semiconductor technologies used in a variety of lighting applications.

### **Trademarks**

Mouser and Mouser Electronics are registered trademarks of Mouser Electronics, Inc. All other products, logos, and company names mentioned herein may be trademarks of their respective owners.
