## For Immediate Release

### **Bluegiga WF111/WF121 Wi-Fi® Modules Available at Mouser**

*Affordable long range Wi-Fi connectivity*

**July 10, 2012** – [Mouser Electronics](http://www.mouser.com), Inc., regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced it is stocking new Wi-Fi modules from [Bluegiga Technologies](http://www.bluegiga.com).

Bluegiga WF111/WF121 Embedded Wi-Fi® Modules offer small, reliable, long range Wi-Fi connectivity in an easy-to-integrate surface mount package. Both modules use Cambridge Silicon Radio's UniFi® CSR6031 chipset, which has excellent RF performance, low power-consumption, and compact size. The modules provide benefits such as superior radio performance, reduced design risk, and shortened time-to-market. Development kits are available for both the WF111 and WF121.

The Bluegiga WF121 module is a stand-alone Wi-Fi module, providing a fully integrated 2.4GHz 802.11 b/g/n radio and IP stack in a 15.4mm x 26.2mm footprint.

The Bluegiga WF111 module is also a fully integrated 2.4GHz 802.11 b/g/n module, providing a low cost, small size Wi-Fi solution for devices that run a Linux operating system on ARM or x86 processors with an SDIO interface.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 19 global support locations and stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is updated daily and searches more than 8.9 million products to locate over 3 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

### **About Mouser Electronics**

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning, authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 3 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 375,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

### **About Bluegiga Technologies**

Bluegiga Technologies Inc. provides Bluetooth® based wireless modules and access device solutions. Bluegiga Bluetooth modules provide the highest level of integration that enable device manufacturers and OEMs to easily add wireless, secure and standard based connectivity into their applications. The Bluegiga Bluetooth access devices product family offers cutting-edge routers, Access Points, and management tools - enabling you to create efficient and scalable networks.

### **Trademarks**

Mouser and Mouser Electronics are registered trademarks of Mouser Electronics, Inc. All other products, logos, and company names mentioned herein may be trademarks of their respective owners.
