

New Product Announcement

Mouser Provides TI Cortex-A8 MPUs with 3D Graphics Acceleration

October 23, 2012 – [Mouser Electronics](#), Inc. is now stocking new Cortex™-A8 Microprocessors from [Texas Instruments](#). TI AM335x ARM® Cortex-A8 MPUs are highly integrated devices that deliver high DMIPs at a low cost.

TI AM335x MPUs feature optional 3D graphics acceleration and key peripherals. These TI Cortex-A8 MPUs also offer industrial interface options, such as EtherCAT and PROFIBUS, and the devices can support Linux® and Android™ high-level operating systems. The combination of graphics and connectivity support makes AM335x MPUs ideal for portable navigation systems, handheld gaming devices, education, and home/building automation solutions. The [TMDSSK3358 AM335x Starter Kit](#) is a low-cost development option for developers to quickly start evaluation of AM335x Cortex-A8 MPUs. To learn more about the AM335x family, visit <http://www.mouser.com/ti-am335x>.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 19 global support locations and stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is updated daily and searches more than 10 million products to locate over 3 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning, authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 3 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 375,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.
