

For Immediate Release

Mouser First to Stock TE Connectivity's CXP Pluggable I/O Interconnect *One piece, press-fit connector and cage assembly*

December 20, 2011 – [Mouser Electronics](http://www.mouser.com), Inc., regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced it is stocking the [TE Connectivity](http://www.te-connectivity.com) CXP Pluggable I/O Connectors.

TE Connectivity's CXP connector and cage assembly offers 12 channels of 10 Gbps data rates for 120 Gbps of total bandwidth in a one-piece press-fit assembly which reduces PCB processing and cost. The TE CXP system complies with InfiniBand CXP 12x QD and IEEE 100 Gbps Ethernet standards and enables pluggable copper or optical cable options. The Enhanced (EF) Footprint offers reduced cross-talk and improved electrical performance.

Applications for TE's CXP system include controller cards and servers, network switches, routers, storage devices, DAS, SAN, and NAS. To learn more, visit <http://www.mouser.com/tecxp>.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 17 global support locations and the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches more than 8 million products to locate over 2 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 325,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

Trademarks

IEEE is a trademark of the Institute of Electrical and Electronics Engineers, Inc.

InfiniBand is a trademark of the InfiniBand Trade Association. TE Connectivity and TE connectivity (logo) are trademarks. Mouser and Mouser Electronics are registered trademarks of Mouser Electronics, Inc. All other products, logos, and company names mentioned herein may be trademarks of their respective owners.
