

PRODUCT CHANGE NOTIFICATION (PCN)

PCN No.	PCN-202390	Release Date	Jul. 16, 2026
Affected Products	Model Name	Part No.	
	PCIe-U304	91-64215-1050	
	PCIe-U308	91-64215-2050	
Type of the Change	☐ Engineering Change ☐ Product End Of Life ☐ Others		
Description of Change	1. Change the PCI e switch from PLX PEX8608 to Pericom PI7C9X2G608 because the PLX PEX8608 is EOL. 2. Software functionality changes due to limitations of the Pericom PI7C9X2G608. (1) Power management is changed from per-port control to whole-card control. (2) Serial Number and Part Number read functions are not supported.		
Customer Impact of Change and Recommended Action	1. Due to the replacement of the PCIe switch, the compatibility with computer and function tests are suggested. 2. For PCIe-U300 series software functions such as power management, please use the new SDK AVS_SDK_2.2.2 or newer.
