Re: Discontinuation Notice – Wireless Q45 All-In-One Vibration/Temp Nodes w/AA Batteries

---

Dear Banner Channel Partners,

Effective January 1st, 2024, Banner Engineering is discontinuing the Wireless Q45 All-In-One Vibration and Temperature Nodes containing **AA-Cell Batteries**. The existing companion product containing a larger capacity C-Cell source (DX80NxQ45**VAC**), is a more effective offering and a direct functional equivalent. Banner will accept return of unused stock of these items in their original packaging and whose manufacturing date is no more than two years old through January 19th, 2024 under standard RMA.

See Table 1 for a list of product models which are now obsolete, along with their closest, and recommended replacement.

Table 1. Obsolete Q45 AA-Cell Vibration Nodes and recommended replacement.

ITEM	DESCRIPTION	Replacement
802367	DX80N9Q45VA	DX80N9Q45VAC
802366\	DX80N2Q45VA	DX80N2Q45VAC
805554	DX80N9Q45VA-NB	DX80N9Q45VAC-NB
805553	DX80N2Q45VA-NB	DX80N2Q45VAC-NB
809329	DX80N9Q45VA-BK	N/A (Purchase VAC and Bracket 812228)
813170	DX80N2Q45VA-BK	N/A (Purchase VAC and Bracket 812228)
810346	DX80N2Q45VA-NB-KR	N/A
