ECD Product Advisory for Carton Tape Standardization – Emulex FC Products

Issue Date: 2/7/24

Change Description:

Changing to clear packaging tape for outer box packaging for continuity of supply and to ensure the same tape is being used across Broadcom Business Units (BUs) for adapter products

Parts Affected:

All Emulex FC HBAs and Optic Kit accessories outer box packaging.

Description and Extent of Change:

Moving to clear packaging tape.

Reasons for Change:

Emulex Connectivity Division (ECD) is proactively expanding the use of common components used across BUs to safeguard availability.

Effect of Change on Fit, Form, Function, Quality, or Reliability:

- No form/fit/functional impact

Recommended Action by the Customer:

- Acknowledge this Product Advisory and ensure your respective Receiving Inspection departments are aware of the change.

Effective Date of Change:

Product shipments using this change will begin after April 1st '24. Timing of shipment of the changed part will vary by part number depending on customer demand and inventory levels.

Qualification Data:

- Broadcom has performed all appropriate packaging testing.
- Drop test report available upon request.

Please contact your Broadcom field sales engineer or Contact Center for any questions or support requirements. Please acknowledge the receipt of the notice within 30 days of delivery. Lack of acknowledgement within 30 days constitutes acceptance of the change per JEDEC J-STD-046.
