Change Type:
Assembly related: Bring up ASE-Taiwan as additional assembly supplier. No change to package outline & function of the device.

Parts Affected:
BCM43684B1KRFBG, BCM43684C0KRFBG

Description and Extent of Change:
Bring up ASE-Taiwan as additional assembly supplier. No change to package outline & function of the device. Change in package side-view due to additional supplier's assembly process as below:

Reasons for Change:
Manufacturing flexibility to support customer demand.

Effect of Change on Fit, Form, Function, Quality, or Reliability:
The device specification will remain the same, which will ensure product electrical performance remains the same. Appropriate electrical characterization and reliability qualification will be performed on representative products to ensure normal parametric distribution, consistent electrical performance, and reliability.

Effective Date of Change:
Production shipments using this supplier can begin after September 15th, 2020. Timing of shipment of the changed part will vary by part number depending on qualification completion, customer demand, and inventory levels.

Qualification Data:
Package Qualification data is expected to be available by July 15th, 2020

Customer Samples:
Samples are available for testing and can be requested through your Sales or CSR contacts.

Please contact your Broadcom field sales engineer or Contact Center for any questions or support requirements. Please return any response as soon as possible, but not to exceed 30 days.
