

**Product Change Notice: 944**

Reference ECN #: 45602

Dear Valued Customer,

We have found it necessary to make the change described below to a component we manufacture for your company. Please update your records as necessary.

**Coilcraft Design Change**

<b>Coilcraft Part #:</b> WA8478-BE	<b>Customer:</b> ALL	<b>Customer Part #:</b> Various
---------------------------------------	-------------------------	------------------------------------

**Description of Change:**

Changing to an equivalent Basic wire type.

**Reason for Change:**

- Continuous product improvement to provide the most current and best manufacturing practices in both materials and methods.
- In order to prevent supply chain delays, we are changing to another wire that meets reinforced insulation and is available from multiple suppliers.

**Expected Effects Due to Change:**

No changes to electrical/mechanical specifications are expected.

Samples with the new wire have passed Operational Life (72hrs), Resistance to Soldering Heat, and Thermal shock (150cyc). The alternate wire is used on similar existing products that are qualified per AEC Q200C (grade 1).

**Implementation Date:**

November 26, 2022

**Product Engineer:** Steve Moody**Date:** 10/26/2022

Regards,
