

## Change Note of DFR0524 V2.0

### Appearance V1.0

### Appearance V2.0

### Changes:

1. Dimension and Mount Holes  
Please kindly note that V1.0 and V2.0 is different in dimension and mount hole position.
2. Screen  
There is no cover in the surface of V1.0.  
While V2.0 is covered by a tempered glass to protect the screen from external force damage.
3. HDMI Socket  
V1.0 adapts HDMI- type C  
V2.0 adapts HDMI- type A
4. Power Supply  
V1.0 support HDMI or USB port power supply, while HDMI socket is limited in charging which may lead to unstable power supply.  
To guarantee stable voltage and current, V2.0 only support USB port power supply.
