

# Design changes notification for DRI0002

## 1. Basic information

Involved Products	MDV 2x2A DC Motor Controller (L298N)
SKUs	DRI0002
Company	Zhiwei Robotics Corp.

## 2. List of design changes

SN	Change the position of the design	Original design	New design	The impact of design changes.
1	PCBA	No 5V ports	Add 5V ports	Motor steering can be directly switched through needle arrangement

### 3. Change date and description

Original design date of discontinuation of production	2023-1-30
New design production date	2023-5-30

### 4. The reasons for design changes

The original design did not have a 5V interface and cannot directly change the motor direction through pin arrangement.
