

Issue Date: July 8th, 2020

Dear Valued Customer,

This notice is to inform you of our efforts in re-sourcing a component on finished goods you have purchased from Littelfuse in the past.

Description of the Change:

- We will be changing the source of the spring used on the following trailer connector products: 00590967, 00591667, 00601000, and 00601060.

Reason for The Change:

- This move is in an effort to remove a legacy supplier from our supply base. The new source is an existing and ISO supplier for us.

Effective Date of the Change:

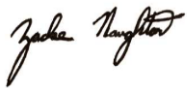

- This will occur as a running change; shipments utilizing the new component are expected by end of summer 2020.

What You Need to Do:

- No actions are required on your part. This vendor transition will not result in a change in fit, form, or function.

If you have any questions, please feel free to contact your Littelfuse Customer Service Representative or your Inside Sales Representative. We appreciate your business and our continued partnership.

Sincerely,

Zachary Naughton
Global Product Manager
Littelfuse Commercial Vehicle Products
