Subject: Addition of second source for package plating of Magnetic MELF package ODS-1072 & 1091

Dear Valued Customer:

M/A-COM Technology Solutions has a goal of providing redundant manufacturing capacity for increased surge capability as well as uninterrupted supply. In support of this goal, we are pleased to inform you that we have qualified an additional plating source for ODS-1091 & 1072 packages. This supplier Barry Industries was qualified in order to provide more flexibility in the supply chain by minimizing lead-times and providing consistent package availability. We expect to have the process in place by July-2013.

The attached list contains the list of affected parts potentially affected by this change. M/A-COM is sending this notification because you have purchased product on the attached list within the last two years. All materials, specifications, and standards remain unchanged. This change will not affect product form, fit, function or reliability. If you have any questions about this change, please contact your customer service representative.

Regards,

Andrew Smethurst
