PQG208IX218 and A54SX32-PQG208M catalog part numbers (CPN) will be moving to End of Life (EOL) status effective today. These catalog part numbers will no longer be offered after December 1, 2026. Please review the attached parts affected list below for details about replacement parts if applicable.

***Note 1:**

Aligning with our commitment to product longevity, Microchip is currently qualifying a new assembly site as a potential alternative manufacturing source for the affected products. If the qualification is successfully completed, we intend to cancel the EOL notice and resume standard supply through the newly qualified site. We strongly encourage you to place your LTB orders as soon as possible to ensure uninterrupted supply and to mitigate any potential supply gaps during the qualification period. Please note that all LTB orders will be processed as NCNR. If the new assembly site is successfully qualified, a PCN will be issued to inform you of the change to assembly location and the EOL notice will be cancelled, which will also prompt a cancellation notice. At that time, clients will have the option to extend deliveries of their LTB orders beyond the LTS date.

***Note 2:**

If replacement parts are not listed in the attached list, or if you have any questions or require further assistance in planning your LTB or transition strategy, please contact Local Sales Representative.

Note:

If replacement parts are not listed in the attached list please contact your [Local Sales Representative](#)

Reason for EOL:
