Notification Text:

Notification Body:

PCN Status:

End of Life (EOL) Notification

Microchip Parts Affected:

Please open one of the files found in the Affected CPNs section.

NOTE: For your convenience Microchip includes identical files in two formats (.pdf and .xls).

EOL Description:

The selected A42MX09 and A42MX16 device families will be moving to End of Life (EOL) status effective today. These selected device families will no longer be offered after December 1, 2026. Please review the attached parts affected list below for details about replacement parts if applicable.

**Note 1:*

Aligning with our commitment to product longevity, Microchip is currently qualifying a new assembly site as a potential alternative manufacturing source for the affected products. If the qualification is successfully completed, we intend to cancel the EOL notice and resume standard supply through the

newly qualified site. We strongly encourage you to place your LTB orders as soon as possible to ensure uninterrupted supply and to mitigate any potential supply gaps during the qualification period. Please note that all LTB orders will be processed as NCNR. If the new assembly site is successfully qualified, a PCN will be issued to inform you of the change to assembly location and the EOL notice will be cancelled, which will also prompt a cancellation notice. At that time, clients will have the option to extend deliveries of their LTB orders beyond the LTS date.

**Note 2:*

If replacement parts are not listed in the attached list, or if you have any questions or require further assistance in planning your LTB or transition strategy, please contact Local Sales Representative

Reason for EOL:

No longer have manufacturing support for the CPN listed in the attachment

Estimated Effective Dates:

Customers affected by this EOL notice are advised to place last time buy (LTB) orders as follows:

Last date for bookings (LTB): December 1, 2025

Last date for shipments (LTS): December 1, 2026
