NOTIFICATION DATE: September 9, 2026

Replacement of PCN26-034

MODELS AFFECTED

Affected Model	Target Due Date for Samples with new Diode Quad
ADE-11X+	6-8 weeks from PCN date
ADE-1+	6-8 weeks upon samples request

Qual data available upon request

EXTENT OF CHANGE:

Replacement of supplied Diode Quad with equivalent, qualified supplier part.

EFFECT OF CHANGE:

No change to Fit (dimension), Form (appearance) or Function (performance).

REASON FOR CHANGE:

This change was implemented due to the closure of the existing fab and no further purchases of materials are allowed at the time of this PCN. Mini-Circuits has purchased available quantities of the affected material and will continue supporting existing customers until our inventory is exhausted. We reserve the right to allocate available products based on existing inventory. This is a replacement for the previous version PCN26-034.

EFFECTIVE DATE OF CHANGE:

Immediate. Product of both versions may be shipped concurrently based on stock availability
