

Global Change Notification (GCN)

Product Family	SFP+ cable assemblies	10694055
		GCN Number
Series	74752	June 17, 2015
		Date Issued
Reason For Change	Tooling / Equipment Transfer	
Change Description	This is to inform you that Molex is adding capacity to SFP+ cable assembly line. The additional capacity will be operational in Molex Philippines. The reason for the change is due to increased demand. The SFP+ manufacturing line in Philippines will use the same equipment and processes as are already used for SFP+ in Dongguan, and no changes to the product or the process will occur. This new line will be an alternative source for SFP+ products going forward. It is expected to have a positive impact on lead-times and overall product availability.	
Part Numbers Affected	Please refer to CustomerPartList.csv attached to e-mail message.	
Reason For Short Notice Exception	New Capacity	
Assessment Of Change (How Product Will Be Qualified & Validated)	Operator, Machine and FAI Qualification are being performed.	
Internal Molex Qualification Date (Planned Date Information Available)	June 26, 2015
