Planned Implementation Date	November 09, 2017		
Method of Identifying Change	Factory order number		

RELEASED

Before Change

Beginning Aug, 2017 Micro Fit™ connectors may be shipped to customers from either the current Molex manufacturing locations of Lincoln, NE and Nogales, AZ or the new Molex site of Shanghai, China. The Molex facility in Shanghai is an established ISO/TS 16949 plant and is already the home of many of our Fit's products like Nano Fit™ and Mega Fit™. This project will allow Molex to continue our tradition of excellent quality and improve our overall capacity.

Going forward, Micro Fit customers may receive certain parts from current or new facilities and packaging will clearly denote which facility.

After Change

Overview

- In conjunction with previous announced PCN's 502232 & 502177, to better serve our customers, Molex is building additional tooling as well as executing transfers of certain tooling used to produce Micro Fit™. This effort includes finished goods and components being made in multiple locations and some raw material sourcing locations may change.
- Product Impact
 - Refer to the part list in excel sent separately.
 - There is "No impact to fit, form or function" for the change
- Part Number Impact
 - "see attached impacted parts list"
- PPAP and samples available upon request
