After Change

Overview

- Molex Chengdu will add manufacture source to run the parts at the local qualified molding vendors, qualify molds and able to run the production in both locations Molex Chengdu & local qualified molding vendors under the same condition which means the same raw material from the same source, the same process and the same quality control plan. And the vendor only produce components. All finished parts are assembled in Molex plant .
- Molex Chengdu engineers team will follow very closely because we will manage our external vendor like an extension of Molex Chengdu and with the same process and quality management. Team will audit/manage the vendor and their manufacture process.
- Product Impact
No impact to fit, form or function
- Part Number Impact
Please see the attachment
- Qualification Reports and samples available upon request after the date shown above
