Before Change

- SL and C-Grid production is moving to Malaysia

After Change

Overview

- To better serve our customers and to leverage our global manufacturing footprint, Molex will relocate production of the SL and C-Grid product lines from the US & Mexico to the Molex Malaysia production facility. The transfer will start in Q1 2020 and target completion late 2021. Buffer stock and capacity tooling will be built as needed to ensure a seamless transition.
- Impacted part numbers – see attached list
- No impact to form, fit or function. No changes are being made to these products as a result of this transfer. Only the production location of SL and C-Grid products is changing. Production location remains the same for other finished goods using SL or C-Grid products as a component.
- After the transfer of each product, qualification reports and samples will be made available upon request.
