

# Product Change Notification (PCN)

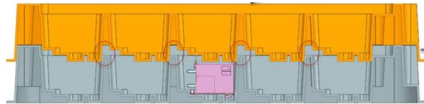

PCN Number	508175	Date Issued	February 18, 2020
Reason for Change	Packaging Method/Quantity Changing		
Change Type Description	This letter is to inform you that the part(s) referenced in this notice will undergo packaging specification changes that may include a new Delivery unit, packaging size, changes to the label or packaging material. No changes will be made to the product as a result of this change.		
Reason for Short Notice	New Capacity		
Assessment of Change	Drop test approved		
Internal Molex Qualification Date	February 29, 2020		
Sample Availability Date (Changed Part)	February 29, 2020		
Planned Implementation Date	April 30, 2020		

## Before Change

Trays on the impacted parts are packed with trays rotated 180° every other tray

Trays will move to being packed in the same direction/orientation for ease of use at customer site

## After Change

### Overview

- For ease of use and to remain consistent with packaging standards on similar products, we will orient the direction of the trays within the packaging to all face the same direction
- Improve and simplify customer experience with unpacking and using these products
- There will be no impact to DU/MLQ
- This will be a running change; during the transition to the new packaging standard customers may receive a mix of old and new packaging until inventories have been depleted
- Product Impact
  - No impact to fit, form or function
- Part Number Impact
  - See attached impacted parts list
- Qualification Reports and samples available upon request after the date shown above
