| Planned Implementation Date             | November 23, 2020   |             |                  |
| Method of Identifying Change            | No special marking on the product or packaging  |             |                  |

## Before Change

### Overview

- This PCN#509053 is created to update material list that not include in the PCN#506711

## After Change

### Overview

- To better serve our customers and to leverage our global manufacturing footprint, Molex will relocate production of the SL and C-Grid product lines from the US & Mexico to the Molex Malaysia production facility. The transfer will be start in 2020 and target completion is 2021. Buffer stock and capacity tooling will be built as needed to ensure a seamless transition
- This specific notification will add needed new assembly production capacity tooling in Malaysia to support the transfer
- No impact to form, fit or function. No changes are being made to these products as a result of this transfer. Only the production location of SL and C-Grid part numbers is being transferred. Production location remains that same for other finished goods using SL or C-Grid products as a component
- Qualification reports and samples available
