Sample Availability Date (Changed Part)	December 08, 2020		
Planned Implementation Date	December 15, 2020		
Method of Identifying Change	Date code		

## Before Change

### ■ PCN (509102) - EXTreme LPHPower Product Transfer

## After Change

### PCN (509102) - EXTreme LPHPower Product Transfer

- To better serve our customers and to leverage our global manufacturing footprint, Molex will consolidate all EXTreme LPHPower production in our Chengdu, China facility. Buffer stock for high volume products will be available during the tool transfer period which will start in December 2020 and expected to be complete in February 2021.
- No impact to form, fit or function. No changes are being made to EXTreme LPHPower as a result of this transfer. Only the production location is changing. Local sourcing will be done for raw materials and packaging to maintain cost competitiveness.
- Impacted part numbers – see attached list
- Qualification reports and samples will be made available after the qualification date shown above.
