

Product Change Notification (PCN)

PCN Number	509446	Date Issued	November 13, 2020
Reason for Change	Manufacturing Process Change (Molex)		
Change Type Description	This letter is to inform you that the manufacturing process for the part(s) identified in this notice is changing. No changes will be made to the product as a result of this process change.		
Assessment of Change	Passed FAI		
Internal Molex Qualification Date	February 01, 2021		
Sample Availability Date (Changed Part)	February 01, 2021		
Planned Implementation Date	March 01, 2021		
Method of Identifying Change	Product made after planned implementation date can contain the change		

Before Change

Overview

- Molex India is introducing new plating lines at the new connector facility with latest technology in line with other Molex entities and reduce the process related challenges in current lines. To facilitate the plating technology change we are changing the gold and silver chemistry. This PCN is to communicate this change to impacted customer as soon as possible.
- The transfer follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products. The new manufacturing location operates under a certified quality management system in accordance with standard industry requirements. Molex internal release test based on the relevant part specifications defined by Product Engineering will be executed before delivery
- Product Impact- No impact to fit, form & function
- Part Number Impact
— see attached impacted parts list

After Change

New Plating location

- Molex India Private Limited, Plot No. 61P, 62 & 63, Bengaluru Aerospace Park Industrial Area, Dummanahalli Village, Jala Hobli, Bengaluru North Taluk – 562 129.
