## Before Change

### Overview Description of Change

#### Before Process—Semi auto line

#### After Process—Auto line

## After Change

### Overview Description of Change

- For the Mx150 Header series product, we are experiencing extremely high demand beyond our capacity to respond within lead time. Molex is expediting the cycle time of assembly process to increase output. Assembly process plan to upgrade from manually process to Auto process
- Product Impact
  - no impact to fit, form or function
- Part Number Impact
  - see attached impacted parts list
 These part numbers are Molex proprietary designs, therefore considered catalog/general market product.
- Level 4 PPAP will be available upon request beginning 5/27/2021. Request for PPAP must occur by 5/27/2021. Submissions must will not occur without request.
  - If PPAP requested, disposition response required within 5 days of submit date or it will be considered approved.
  - If no PPAP requested by 6/04/2021, the PPAP will be considered approved.
