Before Change

- Example of Proposed Change

Packaging Before Proposed Change, Prior to Shipping.

Packaging After Proposed Change and Shipping via Ground Logistics 6,000 Miles.

After Change

Overview

- This proposed change effects the packaging the Molex Part Numbers listed below and involves adding an inter-leaf paper layer to the plastic tape carrier to prevent the terminals from interlocking between layers on the packaging reel, which results in leaning parts for the end Customer. This change will result in 500 fewer terminals to be packaged per reel, from the current 1,500 pieces to a revised 1,000 pieces per reel.

- Product Impact

- The proposed change will not affect the form, fit, or function of the terminal, itself.
