After Change

Overview

- This production location change is to facilitate better production footprint within our organization. Suitable tooling's / machine would be moved to Bangalore India and products would be stocked during this move at Molex Japan.
- Target to release for mass production in India plant by November 2021
- This specific PCN covers the transfer of (2) automated assembly machines, supporting component tooling and auxiliary equipment*
- To facilitate a smooth transfer, we will build buffer stock as needed.
(1)We also will locally source packaging materials DU & MLQ will change accordingly
(2) raw materials sourcing change. Connector seals will continue to be purchased from the existing supplier.
- Product impact :** No impact to fit, form or function
- Qualification :** Qualification Reports and samples available upon the request
