RELEASED

Before Change

Overview

- Due to increase in product demand and storms that have affected the Southern Region of the United States Molex's Resin Supply capacity to respond within lead time has been greatly impacted.
 - Impacting all divisions within Molex
 - Parts shipments will be impacted
- To keep from line down situations not only for Molex but also our customers, the ability for Molex Lincoln (USA) and Molex Chengdu (China) to purchase resin globally from current resin supplier is needed.
 - Change would allow resin to be purchased from any of the following locations
 - Florence Kentucky – USA
 - Evansville Indiana – USA
 - Nanjing - China
- Part Number Impact
 - See Attached List

After Change

(Overview continued)

- In 'normal' times, we would complete all necessary steps including notifications and testing per USCAR or GMW BUT we are now being asked to make real time decisions on alternate material supply options, or we could in some cases risk running out of needed material.
- Risk of alternate location would be low based on resin coming from same supplier, only different location
 - No impact to Fit, Form or Function
- Qualifications, PPAPs available after date above.
 - Due to urgent supply demand, deviation approvals may be necessary ahead of PPAP documentation.
- Questions/concerns contact your Molex Account manager
