Overview Description of Change

- All these part numbers are Molex proprietary designs, therefore considered catalog/general market product
- There is no impact to product Fit, Form or Function with these transfers.
- Product validation plans will be approved by OEM's
- Start of Production is forecasted to begin in 2022.
- Request for Level 3 PPAP must occur one week prior. Submissions will not occur without request.
 - If PPAP is requested, disposition response required within 5 days of submit date or it will be considered approved.
 - If no PPAP is requested by September 15th, 2022, the PPAP will be considered approved.
- In accordance with the requirements established by the certifying bodies, the Guadalajara2 facility will be IATF 16949:2016, ISO14001:2015, ISO45001:2018 certified by Q3 2023. In the meantime, Guadalajara2 will operate following the same Quality Management Systems and rigor that our other certified plants operate within.
- In addition to the new manufacturing facility, we will be working with a third-party logistics provider in Guadalajara. Please discuss logistics options for receiving product with your sales contacts.
