## Overview Description of Change

- All these part numbers are Molex proprietary designs, therefore considered catalog/general market product.
- There is no impact to product fit, form, nor function with these transfers.
- Production validations will be approved by OEM's.
- Guadalajara 2 operations started in June 2022.
- Request for Level 3 PPAP must occur one week prior. Submissions will not occur without request.
  - If PPAP is requested, disposition response required within 5 days of submit date or it will be considered approved.
  - If no PPAP is requested by November 31<sup>st</sup>, 2023, the PPAP will be considered approved.
- In accordance with the requirements established by the certifying bodies, the Guadalajara2 facility will be IATF 16949:2016, ISO14001:2015, ISO45001:2018 certified by Q3 2023. In the meantime, Guadalajara2 will operate following the same Quality Management Systems and rigor that our other certified plants operate within.
- In addition to the new manufacturing facility, we will be working with a third-party logistics provider in Guadalajara. Please discuss logistics options for receiving product with your sales contacts.
