Objective of PCN

- Implementing a 2D Barcode onto the connector aims to enhance part traceability and quality management. This change integrates inspection data into each and every connector thereby ensuring efficient monitoring and improved manufacturing oversight. By fostering transparency and accountability, it strengthens quality assurance practices and enables real-time quality control.
- **Product Impact:** There is no impact to the form, fit or function of the connector.
- **Part Number Impact:** This QR Code will be implemented on ALL Mirror Mezz Products
