After Picture

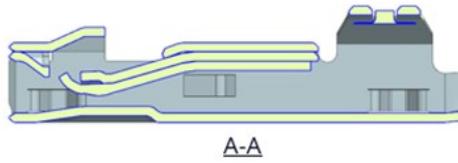

Overview

- In response to China EV market growth, we are adding capacity in Molex CD. Robust CTX-C 50 receptacle terminal will be released in Chengdu plant with new invested die and local metal supplier to enhance our supply chain.
- New TML PN/3040210102 will replace old one/5601210102 in mass production.
- Product Impact: no impact to fit or function, terminal design optimized.
- Part Number Impact: see attached impacted parts list
- Qualification Reports and samples available upon request
- PCN will be implemented once all required qualification/ validation has been completed and all necessary approvals have been obtained.
