Before Picture

**BEFORE**

Sleeve shld inner hole diameter 7,4mm, outer diameter 8,2mm.

**AFTER**

Sleeve shld inner hole diameter 7,7mm , outer diameter 8,5mm.

After Picture

## Overview

- As part of our ongoing product modernization, we've improved the compatibility of SHLD sleeves with cable diameters (cable PN 1582204545). This new sleeve, with a larger diameter (cable surface area), will simplify the assembly process for products with cables of a wide range of diameters.
- Product Impact
  - Impact on fit, form, no impact on function. Component invisible in the final product. The proposed sleeve is currently used in many M12 SHLD products [e.g., E11A06012]
- Part Number Impact
  - see attached impacted parts list
- PCN will be implemented once all required qualification / validation has been completed, and all necessary approvals have been obtained.
