Please note if Samples are not requested as per Customer Samples Request date, it may take additional 4-6 weeks to arrange Samples.

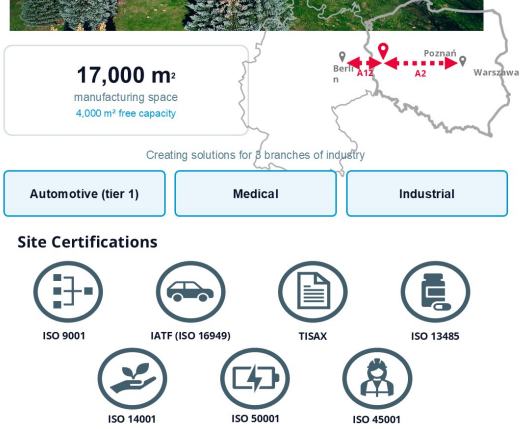

Traceability Code Markings / Date : No special marking on the product or packaging

Before– Padova, Italy

After – Sulęcin, Poland

Overview

- The transfer will move the affected activities from the Molex facility in Padova, Italy, to the Molex facility in Sulęcin, Poland.
- The primary scope is the transfer of kitting and packing services, including incoming inspection, storage, order picking, repacking and shipment.
- Only a very limited share of assembly-related processing is involved, limited to drilling, tapping and cleaning where required.
- The change will not affect the components, their fit, form or function, sourcing, or lead times.
- Quality Control, Operations, Warehouse, Logistics and related service activities will be handled at the Sulęcin facility.
- **The transfer will be implemented after completion of the required qualification, validation and approvals.**

PCN Qualification and Validation Plan

- Below is the List of Part Numbers will be used for internal qualification & validation purposes.
- Samples and Qualification data will be provided upon request.
