201803010I : Release of New Expansion Tape D-175D.

The expansion tape D-175D (which is compliant to future RoHS2/REACH regulation) was qualified and will be introduced to replaced D-175 tape.Please refer to the on-line qualification report.

PCN Type	Change Category	Issue Date	Effective Date
Customer Information Notification	Assembly materials, Packing/Shipping/Labeling	26-Mar-2018	26-Apr-2018

Reason of Change

The social responsibility requires stricter control of environmental issue and compliance for environmental regulation year by year. The official announcement of ROHS2/REACH has been released in EU. ROHS2/REACH lists specific restricted substances. Some components in the current D-175 will be on this list of restricted substances in the near future. This is why NXP proactively replaces D-175 with D-175D where these substances have been removed.

Identification of Affected Products

Product identification does not change. NXP wil start to implement per end of April 2018 conversion is expected to be finished before June 2018.

Anticipated Impact

Data sheet revision: No impact to existing datasheet

No impact on form fit function reliability or quality.

Affected Parts
