

Product Change Notification

PCN-AS-8045-2022

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
AS - Automation Systems	DRI	Product Change Notification	Notify Distributors and Field	7/25/2022

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

The change involves replacing components and, in some cases, upgrading to the latest technology. This will optimize process ability in production. In addition, short-term and long-term availability of the items will be achieved.

As a result of the change, the current consumption of the items will be reduced.

The changes made to the item and to the production process require an increase in the hardware revision for reasons of traceability. The technical properties, as described in the data sheets, remain unchanged.

Stock Status

Can existing stock still be used?

Is mixture of stock acceptable?

Transaction Dates

Date modification goes into effect from Germany: 6/30/2023

Expected first shipment (from Phoenix Contact) of the modified products(s): 6/30/2023

Should you have any issues with the timeline or content of this product change, please contact Phoenix Contact using the information below. Customers should acknowledge receipt of the PCN within 30 days of delivery of the PCN; provided, however, that the failure to acknowledge receipt does not affect the product change or the effective date thereof.
